Each course page shows what the course covers, what is included, the price and how long access lasts before you sign up. The button on the right takes you to create an account and enrol; if you already have an account, sign in and you return to this page.

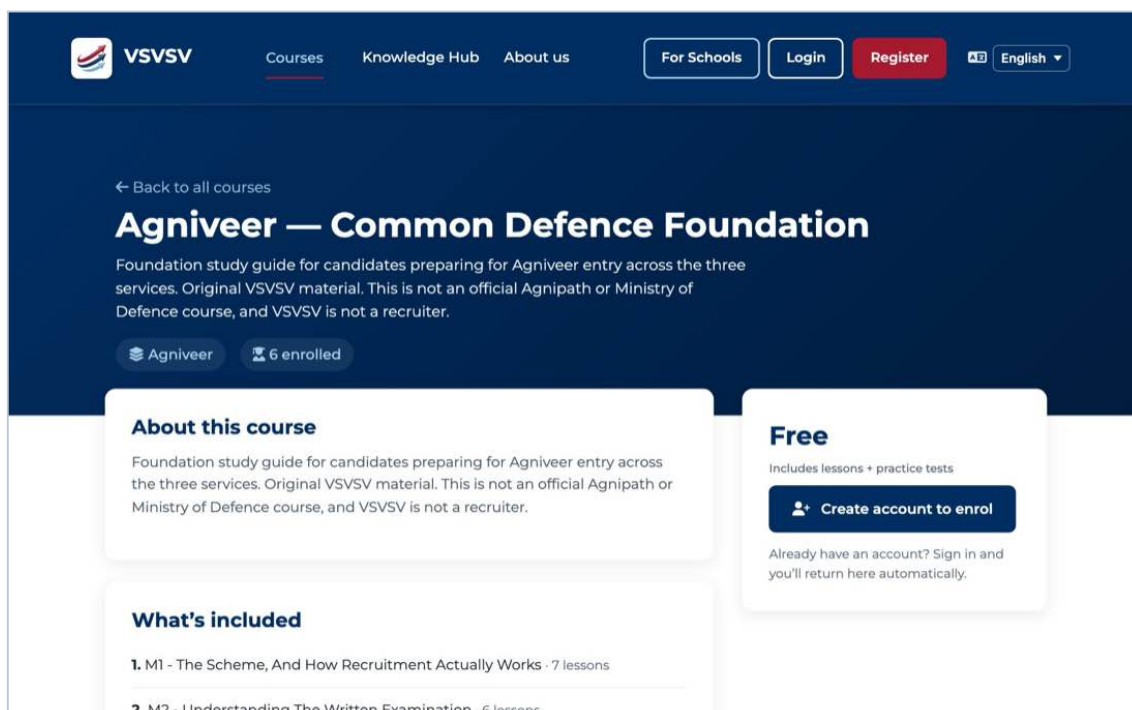

The screenshot shows the VSVSV website interface. At the top, there's a navigation bar with the VSVSV logo, links for 'Courses', 'Knowledge Hub', and 'About us', and buttons for 'For Schools', 'Login', and 'Register'. A language dropdown is set to 'English'. Below the navigation bar, the course title 'A Certificate (Army)' is displayed in large white text on a dark blue background. Underneath, a description reads: 'Field craft and battle craft, map reading, military communication and weapon awareness.' A 'Beginner' badge is visible. A note states: 'Follows the Junior Division / Junior Wing syllabus — 190 periods across two years. Drill, camps and unit activities are done with your NCC unit, not here.' Below this, it says 'A_Certificate' and '14 enrolled'. The page is divided into two main sections. The left section, titled 'About this course', repeats the description. The right section, titled 'What's included', shows the price '₹199' and a detailed breakdown: 'One-time, inclusive of all taxes — nothing is added at checkout. Includes lessons + practice tests + completion record · Access for 30 months from purchase; renew for ₹99'. At the bottom of the right section is a 'Create account to enrol' button. A link 'Already have an account? Sign in and' is visible at the very bottom.

PART 2

Create your account and sign in

Anyone under 18 needs a parent or guardian to set up the account — that is required under Indian data-protection law. A learner aged 18 or over can register themselves.

2.1 Register

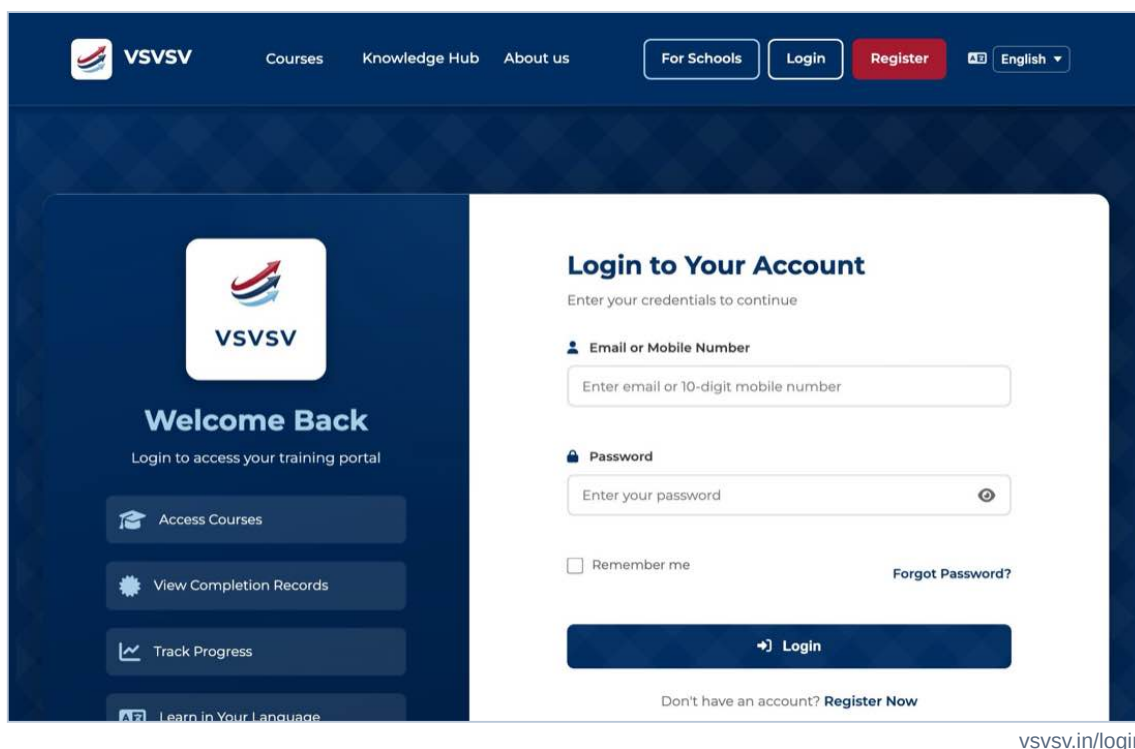

Choose "Cadet learner" for your own studies or "School / institution" if you represent a school. Fill in your name, email and a password; a 10-digit mobile number is optional, and adding one lets you sign in with it later. Tick "I am 18 or older", and — if you are a parent — "I'll also be managing a child's account"; you add the child from Account & Privacy after signing in. Accept the policies to continue. "Send me VSVSV updates" is optional. If your school sent you a register link with an invite code, the code is filled in for you.

The screenshot shows the VSVSV website's registration page. The header is dark blue with the VSVSV logo, navigation links (Courses, Knowledge Hub, About us), and buttons for 'For Schools', 'Login', and 'Register'. A language dropdown is set to 'English'. The main content area is titled 'Create Your Account' with the subtitle 'Fill in your details to get started'. Below this is a section 'I'm registering as' with two radio button options: 'Cadet learner' (selected) and 'School / institution'. The 'Cadet learner' option includes text about NCC certificate, SSB, and Agniveer preparation, and a note that users must be 18 or older. The 'School / institution' option is for principals, trustees, or directors. Below these is a text input field for 'Your name' with the placeholder 'What should we call you?'. The URL 'vsvsv.in/register' is visible in the bottom right corner of the page.

2.2 Sign in

Sign in with your email or 10-digit mobile number and your password. Tick "Remember me" on your own device only. If you have forgotten your password, use "Forgot Password?" to get a reset link by email.

The screenshot shows the VSVSV login interface. The top navigation bar includes the VSVSV logo, links for Courses, Knowledge Hub, and About us, and buttons for For Schools, Login, and Register. A language dropdown is set to English. The main content area is split into two panels. The left panel, titled 'Welcome Back', encourages users to login to their training portal and provides links for Access Courses, View Completion Records, Track Progress, and Learn in Your Language. The right panel, titled 'Login to Your Account', prompts users to enter their credentials. It features input fields for Email or Mobile Number and Password, a Remember me checkbox, a Forgot Password? link, and a Login button. A Register Now link is provided for users without an account.

PART 3

Your dashboard

After you sign in you land on the dashboard. The menu on the left is the same on every dashboard page.

3.1 Overview

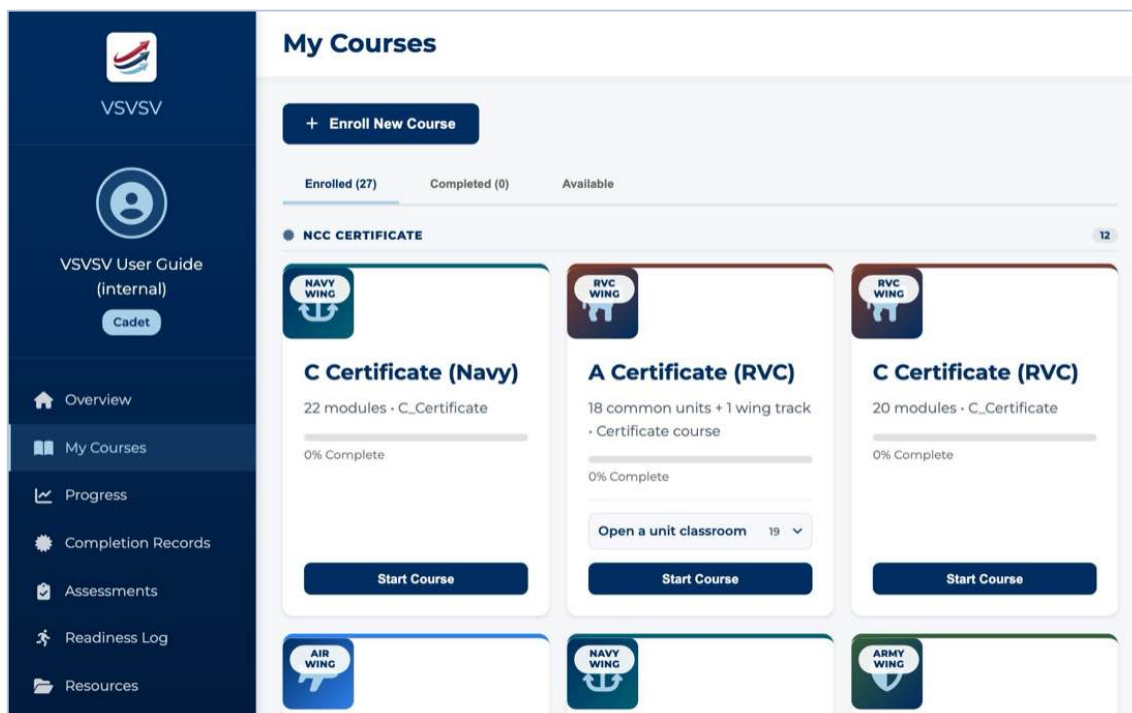

Your enrolled and completed courses, your completion records and your study streak. "Continue Learning" below lists the courses you have started — press Continue to go back to where you left off.

Dashboard — Overview (a test account enrolled in many courses; yours shows your own)

3.2 My Courses

Every course you are enrolled in, grouped by track, with your progress. Press "Start Course" (or "Continue") to open its classroom. Certificate courses made of units, such as the A certificate, also let you open a single unit's classroom from the drop-down. Use "Enroll New Course" to find more courses. A paid course shows "Access until" and its end date; a Renew button appears in the last 60 days, and renewing adds another full period for half the price. When access ends, your progress and completion records stay — only lessons and new attempts close until you renew.

Dashboard — My Courses

3.3 Progress, assessments and completion records

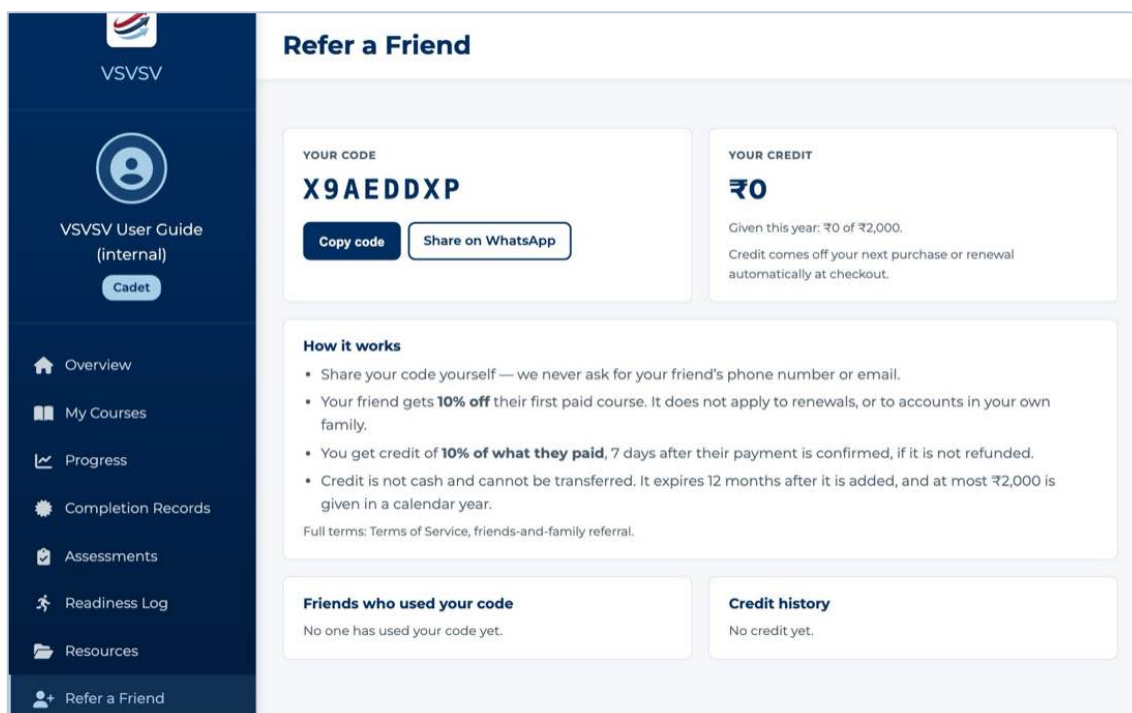

Progress shows how far you are through each course. Assessments lists your learning checks, practice attempts and final assessment attempts, pending and completed. Completion Records holds the private completion records VSVSV issues when you pass a course's required final assessment — they are not official NCC certificates. Optional practice assessments give you a result report, not a completion record.

The screenshot shows the VSVSV dashboard with a dark blue sidebar on the left and a light blue main content area. The sidebar contains the VSVSV logo, a user profile icon, the text 'VSVSV User Guide (internal)', a 'Cadet' button, and a list of menu items: Overview, My Courses, Progress, Completion Records, Assessments (highlighted), Readiness Log, and Resources. The main content area is titled 'Assessments & Quizzes' and contains a message: 'This section shows lesson Learning Checks, practice attempts, and final assessment attempts. Learning Checks test understanding during the lesson and do not create completion records or certificates.' Below this message are two tabs: 'Pending' (active) and 'Completed'. The content area is empty, displaying the message 'No assessment attempts yet.'

Your personal code, ready to copy or share on WhatsApp — share it yourself; VSVSV never asks for a friend's phone number or email. A friend who uses it gets 10% off their first paid course. You get credit of 10% of what they paid, 7 days after their payment is confirmed; it comes off your next purchase or renewal. The page shows your credit, when it expires and who has used your code. A cadet's code belongs to the parent's account.

3.5 Readiness Log

A diary of the physical training you do, kept against the published physical standards — part of Agniveer preparation. Because it holds health-related information, it stays off until you turn it on, and you can turn it off, download or delete it at any time. It is your own record: it does not assess your fitness or predict any selection outcome.

PART 4

The classroom: NCC certificate courses

The A, B and C certificate courses in every wing use the same classroom. The screens below are from A Certificate (Army).

4.1 Find your way around

The arrow at the top left returns to your dashboard. Along the top: the course name, the Language selector, Export PDF (to save or print the lesson) and your progress. On the left, Course Flow lists every module and lesson — press a lesson to open it. When you have finished a lesson, press "Mark Complete".

The screenshot shows the VSVSV Classroom interface for 'A Certificate (Army)'. At the top, there's a navigation bar with a back arrow, the course name 'A Certificate (Army)', a language selector set to 'English', an 'Export PDF' button, and a progress indicator showing '0% complete'. Indicative, from the public NCC syllabus.' The main content area features a 'MISSION BRIEFING' section with the title 'What The NCC Is' and a description: 'You put on the uniform, you fall in for parade, you learn to stand still while an officer inspects your turnout.' It includes a timer for '8 min', a 'Lesson 1' button, and an 'English version' button. To the right, a 'FOCUS' box lists 'Exam Focus', 'Common Mistakes', and 'Classroom Activity'. At the bottom, a 'UNIT TRACKER' shows 'Lesson 1 of 8' with a progress bar and a series of numbered circles (1-8) indicating the current lesson.

The 'Watch' tab is selected, showing a narrated slide titled 'What The NCC Is AV Lesson'. The slide content includes the NCC logo, 'Unit 01 - NCC Organisation | EN', '1/3', and the title 'What The NCC Is'. The text on the slide reads: 'The National Cadet Corps is a youth training organisation for students in schools and colleges. 4.6 Study in your language

Choose a language in the Language selector at the top. The lesson and the Course Flow switch to that language wherever a translation exists; a note tells you which version you are reading. The NCC certificate examination itself is conducted in English or Hindi.

The screenshot shows the VSVSV Classroom interface for the A Certificate (Army) course. At the top, there is a language selector set to Hindi and an 'Export PDF' button. The course progress is shown as 0% complete. The sidebar on the left lists the course flow, including 'NCC क्या है' (What is NCC) and several other lessons. 4.7 B and C certificates

The B and C certificate classrooms work the same way. A strip at the top shows the course's final assessment — its number of questions, the pass mark and whether passing it is required for a completion record. On these courses it currently says the assessment is optional: it is a practice assessment that gives you a result report.

The screenshot shows the VSVSV Classroom interface for the B Certificate (Navy) course. At the top, there is a language selector set to English and an 'Export PDF' button. The course progress is shown as 0% complete. The sidebar on the left lists the course flow, including 'From Junior To Senior - What Changes' and several other lessons. The main content area displays the 'From Junior To Senior - What Changes' lesson, which includes a mission briefing and a focus section. PART 5

SSB interview practice

The SSB course and its practice tests are in English. It is practice material only — selection is made solely by the Services Selection Boards' own assessors.

The same classroom as the certificate courses, with eight units: the Direct Entry landscape, the SSB architecture, the online pre-SSB stage (PIQ), Stage-1, the Day 2 psychology battery, the Days 3-4 GTO ground, the Day 5 interview, conference and result, and CAPF and State Police schemes. "Lesson 1 of 9" on screen counts the lessons inside a unit.

The screenshot displays the VSVSV Classroom interface for "SSB Interview Practice — Direct Entry". The top navigation bar includes a back arrow, the text "VSVSV CLASSROOM", the course title, a language dropdown set to "English", an "Export PDF" button, and a "0% complete" progress indicator.

5.2 Practice modules

Timed practice for the Thematic Apperception Test, Word Association Test, Situational Reaction Test and Self-Description, and the Stage-1 modules (OIR and PPDT). Each practice follows the same pattern: you assess yourself first, then read the system's rule-based reading, then compare them side by side. First time? Start with TAT or WAT.

The screenshot shows the VSVSV SSB practice modules dashboard. At the top, there is a navigation bar with the VSVSV logo, 'SSB practice', and links for 'All courses', 'Modules', 'My Progress', 'Settings', and 'Signed in as VSVSV'. Below the navigation bar, a disclaimer states: 'VSVSV is a private preparation platform. This is not an official NCC, MoD, or Service Selection Board publication. All practice content is for self-improvement only. Your actual SSB will follow the published procedure of the SSBs on the day.'

The main section is titled 'Practice Modules'. It includes a welcome message: 'Welcome to the v3 Virtual Classroom. Each module practises one test type with the same architecture: self-assessment first, then system reading, then side-by-side comparison. Sessions accumulate locally to build your OIQ signature across tests.' Below this, a light blue box contains the text: 'First time here? Start with TAT or WAT below. After 2-3 sessions, your dashboard will show cross-test consistency analysis.'

The 'Day-2 Psychology Battery' section features four modules:

- DAY 2 - TAT: Thematic Apperception Test**
Picture-story practice. 30-second observation, 4-minute writing. Six-dimension rubric.
108 pictures + blank slide · 4 min/story · 0 sessions

PART 6

Agniveer courses

Agniveer courses prepare you for the written examinations of the Army, Navy and Air Force entries. Recruitment, eligibility and selection are handled entirely by the services.

6.1 The Common Defence Foundation

Start here, whichever service you are aiming for. Its modules cover the scheme and how recruitment works, the written examination, study method, physical readiness, the medical examination and life in service. The strip at the top leads to its final assessment, which is optional on this course.

The screenshot displays the VSVSV Classroom interface for the 'Agniveer — Common Defence Foundation' course. At the top, there's a header with the course name, a language dropdown set to 'English', an 'Export PDF' button, and a '0% complete' progress indicator. Below the header, a 'Course Flow' sidebar on the left lists the course structure, including 'MODULE 1: M1 - THE SCHEME, AND HOW RECRUITMENT ACTUALLY WORKS' and several lessons. The main content area features a 'FINAL ASSESSMENT' section with a 'Go to the final assessment' button. Below this, the 'Module 1: M1 - The Scheme, And How Recruitment Actually Works - Lesson 1' is displayed, titled 'What The Agnipath Scheme Is'. This section includes a 'MISSION BRIEFING' with a description of the scheme, a 'FOCUS' box listing 'Exam Focus', 'Practice', 'Quick Understanding', and 'Check', and a 'UNIT TRACKER' at the bottom showing 'Lesson 1 of 7'.
